## EXPERIENCE

Delos Living LLC, New York, the US

### Director, UX Design & Research, 01/2020 - Present

- Led the UX design and research of 10+ products across smart home, hotel IoT, eCommerce, fitness, etc. DARWIN was awarded as the winner of the CE Pro BEST at CEDIA Expo, 2019.
- Owned the localization of 2 products in 3 countries by working closely with product managers and leadership; built road map, design system, art direction, prototype, etc.
- Mentored 8 interns and helped 5 receive offers; developed and nurtured relationships across 8 teams and disciplines to promote collaboration and efficiency.

### Senior Associate, UX Design, 02/2017 - 12/2019

- Delivered 20+ features and 6 algorithms that help enhance people's sleep, productivity and improve the living environment; filed 5 patent applications.
- Initiated the user research procedures; designed and conducted 10 user surveys and 200+ interviews; applied the insights to reshape product roadmap and strategy.
- Co-designed and launched a user testing platform using HTML, CSS, JavaScript, AWS; expanded it to 20+ homes across the country.
- Built personas, information architectures, storyboards, wireframes, prototypes, and more to communicate design ideas.
- Translated customer feedback, market analysis, usability studies, and business requirements into simple and desirable product experiences.

StudioTEKA, New York, the US

### Designer, Architecture, Web, & Print, 10/2015 - 02/2017

- Improved the navigation of the company website to enhance reader experience using WordPress, HTML, and CSS.
- Collaborated with architects to edit and publish the book, 2100: A Dystopian Utopia.
